September 2017 – Chairperson change

Aim of Policy: To inform staff and parents of the guidelines within the school regarding the taking of photographs and videos of the pupils in the school.

During the course of the year, pupils may be photographed or filmed for educational purposes only.

Photographs or videos will be for the use of school staff only and will not be passed on to another party without parental permission.

If parents do not wish to have their child photographed or filmed, they should inform the class teacher at the beginning of each school year.

Photographers from local newspapers/newsletters may request to use a photo. Parents will be informed if this is the case and permission will be sought.
